

Air heaters

Alfa Laval can offer different solutions for heating and draft prevention. Our air heaters are available in four different designs, each optimized for best performance in the application.

HMP

The HMP air heater is suitable for heating of entrances in larger premises, for heating of stores and parking houses as well as for industrial halls requiring long air throw.

HKP

The HKP air heater is especially suitable for heating of production plants and comes in numerous of sizes, capacities and material alternatives.

HEV

The HEV air heater is a door curtain which reduces draft and saves heating energy.

Your complete air-cooling partner.

Why complicate your business when you can get all you need from one supplier?

You probably know that Alfa Laval offers some of the best products in the world when it comes to heat transfer – including air cooling. Our experience goes back almost a century, our know-how is based on thousands of installations globally. And as a world market leader, we continue to push technology forward.

But Alfa Laval is first and foremost about solutions. Our worldwide organization is there for you all the way. From planning and design, through installation and operation, to our Nonstop-Performance service concept. Our single-minded goal is to achieve maximum uptime and low life-cycle cost in every project we are involved in.

So, if you are in an industry where you need efficient, reliable cooling, optimized to your applications, Alfa Laval can make it easy for you. Time and again, anywhere in the world.

Globally local

Alfa Laval's business activities focus on facilitating our customers' operations.

We provide you with technologies and solutions that will help you optimize your operations and processes and keep them running smoothly year after year.

With our global network of sales companies, we are always close to you, regardless of where in the world you do business. That's how we can offer you fast and reliable deliveries and ensure non-stop performance.

Spare-part service

Alfa Laval's resources for spare-part service are second to none – ensuring a timely turn-around virtually anywhere in the world. Thanks to a truly worldwide organization, customer support and trouble-shooting are available on local, regional and global levels.

Alfa Laval has 103 sales offices in 55 countries. Shown here are national and regional headquarters.
